Accountability Social Responsibility And Sustainability Accounting For Society And The Environment

... and environmental degradation through the lenses of accounting, accountability, responsibility and sustainability. Placing the way in which organisations are controlled and the metrics by which they are run at the heart of the analysis, this text also explores how this system opposes the very concerns of societal well being ...

Accountability, Social Responsibility and Sustainability addresses the broad and complicated interactions between organisational life, civil society, markets, inequality and environmental degradation through the lenses of accounting, accountability, responsibility and sustainability.

Accountability, Social Responsibility and Sustainability synthesises key literature and analyses innovative, changing and inadequate practices. It is a call for change that both makes the case for change and points to how it can be achieved.
